You have the right to object and request an investigation of your utility bill.

You (client) have the right to object to the amount billed and/or request an investigation on your bill. If you timely object or file a request for an investigation, your services will not be affected. You will have until your bill's due date to pay it or to raise your objection or request for investigation.

In order to object or request an investigation, you must pay the amount corresponding to the average of the bills that have not been disputed during the previous six (6) months.

In cases where there is no history of payment of undisputed bills of at least six (6) months, you must pay the amount corresponding to the average of previous bills which have not been objected.

If the average of the non-objected bills is greater than the objected bill, you must pay the amount of the objected bill.

In cases where the objected bill is the first invoice issued by LUMA to you, you must pay a sum equivalent to the deposit required at the time you entered into the electric service contract with LUMA or the amount of the bill that you have objected to, whichever is lower.

To pay for your overdue balance, please contact us at 1-844-888-LUMA (5862).

The installation of equipment to generate energy from renewable sources may help to reduce your electricity bill and LUMA, through its commercial office or the Internet, shall provide you with information on how you may qualify to enroll in the net metering program. Furthermore, tax benefits are available to incentivize the purchase of this equipment. Additional information about these benefits is available at the Energy Public Policy Program.
